“ Barbara and the Battaglia family,

I'm so sorry to hear about your grandma passing. I know how close you two were and that you always enjoyed spending time with her any time you could. I have fond memories of you keeping me abreast on things she had going on in her life, she was definitely a sweetie. I hope she rests well, I will say some prayers for her.

Sending love,

“ Ma and I shared so many beautiful memories together after Mark passed away. I would pick her up and we would go to the Corner Bakery for lunch. Then we would drive around the corner to Barnes and Noble and shop for books and end up at the Starbucks inside and we would sit and have coffee. After that we would go to the other end of the strip mall and go to Half Price books where she would buy her favorite "cat" mystery books. Then home we would go and we would sit for hours in her living room and talk. She truly was a beautiful light in my life and I loved her dearly. I was happy I could help her celebrate her Birthday in August 2020 by bringing her Chinese and having lunch with her outside and sitting and talking for hours. Love you Ma, Pam

“ Linda and I(Flint) want to send our heartfelt condolences to Jimmy and Carol. I remember how close my Mom and Dad were to Beverly and Phillip. Dad use to have some interesting political conversations with Beverly. Beverly was always so kind to me and made the best spaghetti sauce !

Rest in peace Beverly and say hello to Mom and Dad for me.
