“ Estelle was a loving mother, grand mother, and great grandmother. Everyone loved her. She was very kind and cared very much about other people. She was also very funny. I've had so many laughs with her I can't even count. You can always count on her to make you smile. We have as a family went on many vacations together visited many different places. Shes been to my wedding. I have many memories with nan. Memories ill never forget. It makes me think how many feel the same way about her. How many people she's met. How many people she seen. She basically watch the world change before her eyes through all the years. You will always be remembered and loved. I hope to lived as good of life as you had. Love you nan

“ What a wonderful and happy, kind and peaceful neighbor Estelle was. Glad that myself, as well as my Wife Rhea and Mother Elisabeth got to know her a little over the years. We enjoyed some nice cookouts in our backyards, and was glad whenever Paul could bring Estelle over. Estelle will be missed, yet I feel that she is now in a more peaceful and pain free place. God bless her and her great family. Robert, Rhea and Elisabeth Pentz.

“ I remember going on vacations with Nana, and one time she got a little confused and called me “the guy from downstairs” and that nickname stayed around even to today. I remember driving Nana down to the last vacation she went on with us and how silly she was about folding the blanket. I'll always cherish those memories, I love you Nana.

Dear Nana,

Friday night God called you home, peacefully in your sleep surrounded by your family, you entered His Kingdom. I can't thank you enough for being here for me. I am so grateful to have had you in my life. You we're kind and caring, loving and independent, truly beautiful inside and out. You taught me how to be strong and you were here for me no matter what. I will never forget you and I will always love you. It breaks my heart to see you go, but I know you are pain free and dancing in the sky. You gained your wings and will forever be my Guardian Angel. Give my mom a kiss for me. Until we meet again, I love you so so much Nana.

“

My Nana passed away in her sleep last night in her home surrounded by her family. She looked peaceful. She was in no more pain. She was 95 years old just shy away from her birthday December 31. She had a long life. I couldn't have asked for a more unconditional loving grandma. She was the most kindest soul. I was so close with my nana. Living with her my whole life was like living with your best friend .She literally knew every secret I've ever had. She was more than just a grandma to me. I confided in her. I loved her so dearly. I cherished every moment I got to spend with her. We knew one day this day would come but never wanted it to come. This last June we were lucky enough to have one last vacation with her to Wisconsin in Door County for a week. My grandma went on every family vacation with us even at her age. The drive to Florida for my wedding I will always cherish and remember that road trip in my heart for the rest of my life. Spending my wedding with my grandma ment so much to me. She looked so beautiful. She matched all my bridesmaids. I also picked her favorite color for my wedding color for her to wear. I will miss her so much. I know she is in heaven looking down on me. I gained another guardian angel. Her memories will forever live on in my heart. Gone but never forgotten. I love you too infinity and beyond Nana.
